Country Village

Preschool & Kindergarten

The philosophic foundation of Country Village provides an exciting learning environment that fosters positive self-esteem and focuses on the development of the whole child socially, emotionally, cognitively and physically. The curriculum has been designed with an age appropriate learning environment that recognizes individual needs of children and their natural curiosity for learning.

ABOUT THE ENRICHMENT PROGRAM:

Country Village is introducing an enrichment program this fall that will incorporate hands on activities in advanced art such as; ceramics and drawing, music and movement, and gymnastics. These enrichment programs will rotate so that the children will be involved in at least two of these activities each week. The goal of this program is to further enrich the child's creative appreciation of the formal arts. The hours are 9am -3pm. Space is limited. Please contact the office with any questions.

ADVANCED ART:

Many creative experiences will be available to the children through the use of a variety of mediums such as: Clay, acrylics, watercolors, oils, paints, Chalks, etc. They will also explore famous artists and art periods, be exposed to different art pieces, and have the opportunity to interpret the art themselves. Professional artists will also make onsite visits.

LANGUAGE & LITERATURE:

The children will have the opportunity to expand their literary experiences through:

- * Storytelling
- * Dramatic Arts
- * Puppet Shows
- * Interactive Book Activities
- * Audiovisual Resources
- * Journaling

GYMNASTICS:

Gymnastics is a preschool gym program designed to encourage strength, flexibility, and coordination. It improves large motor skills and builds self-esteem. It includes a warm-up and an obstacle constructed with basic tumbling equipment.

MUSIC & MOVEMENT:

This music program will help the children develop the concepts and elements of music such as beat, dynamics, form, melodic direction, pitch and rhythmic patterns. Coordination and motor skills are further developed as the children will have creative experiences and explore a variety of musical traditions and styles.
